# VISION

---

*CottageClub Ghost Lake Conceptual Scheme*  
*Adopted January 15, 2008*

CottageClub Ghost Lake will be a family oriented recreation based community where children are free to play with their friends in an open, safe and secure environment. Families and friends will meet “at the lake” to create lifelong memories that will be enjoyed from generation to generation.

Owners at CottageClub Ghost Lake will enjoy breathtaking mountain views, private lake access, proximity to the Ghost and Bow Rivers, a trail system, swimming pool, recreation and learning centre, and an abundance of open space to explore.
